- Churchill Make Ready Ambulance Services (CMRAS)

Churchill Contract Services Group Holdings Ltd has committed to operate a formal energy management system (EnMS) to the requirements of the International Standard ISO 50001:2011 in order to achieve energy performance improvement and we commit to continual improvement in this discipline.

The scope of the Churchill Contract Services Group Holdings Ltd EnMS is all of its energy consumption encompassing all occupied premises and company transport. To deliver this, Churchill Contract Services Group Holdings Ltd will provide the necessary resources and provide measured information to achieve set objectives and targets.

We will meet legal requirements applicable to our energy management and any other related requirements to which Churchill Contract Services Group Holdings Ltd subscribes.

Our energy objectives and targets will be formally set and reviewed.

Our energy management system will support the purchase of energy efficient products and services, plus the commissioning of any design related to our energy performance improvement. The energy management system will be documented and communicated to all levels of Churchill Contract Services Group Holdings Ltd staff.

This policy will be formally reviewed annually and updated as required.
